<p>Application <u>must include</u> a site plan/sketch showing location of structures within 250 feet of burn location, above ground utilities, adjacent streets, property lines, fire hydrants locations, and source of water for extinguishing the fire.</p>			

*The burning of household trash, garbage of any form, or municipal solid waste, the burning of furniture, construction/demolition materials, heavy oils, asphaltic materials, potentially explosive materials, chemical wastes, and items containing natural or synthetic rubber, or any material which may produce reasonable amounts of smoke, and the lighting of any fire in any street, alley, thoroughfare or public property is prohibited within the city limits. Burn must be at least two hundred feet away from any neighboring structure, at least thirty feet from any property line, and at least fifty feet from any above ground utility lines. In addition, the proposed burn site must, on all sides, be on cleared ground, with a minimum of fifteen feet from any trees or other vegetation more than four feet in height. Fire extinguishing equipment or connected and functional water hose must be at burn site during burn. Any residual fires and/or smoldering objects that continue to emit smoke must be completely extinguished at the end of the burn. Burning may begin no earlier than one (1) hour after sunrise and must end the same day no later than one (1) hour before sunset.

Any permit issued shall expire thirty days after the date of issuance. The City Administrator may void a permit prior to the expiration date if, in the sole discretion of the City Administrator, it is determined that the burn shall cause an unsafe condition.

By signing this permit, applicant certifies that they have read Chapter 94-31 of the City Code and will comply with all regulations found therein, and that all provisions of laws and ordinances governing this type of burn will be complied with whether specified or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law.

Applicant shall contact the City of Castroville, during normal work hours or the Medina County Sheriff's Dispatcher if not within normal business hours, immediately prior to burning, but in no event less than fifteen hours prior to the proposed burn, and provide the time burning shall begin.
