**Budget Summary – City Secretary**

The City Secretary is the Chief Election Official and the official Records Management Officer for the City of Castroville. Open Records requests are generated through the City Secretary and are accounted for as to their timeliness. The officer compiles applications for all the City Boards and Commissions, publishes board agendas and maintains their minutes. The officer generates Council information, including the bi-weekly agenda packets (paper and electronic) for regular called meetings, workshops, and special called meetings. The officer is responsible for ensuring compliance with state and Federal laws related to open records, open meetings, elections and public notices.

## Glossary

The budget contains specialized and technical terminology that is unique to public finance and budgeting.

**Accounting Basis:** The basis of accounting under which transactions are recognized and reported. The City employs the modified accrual basis of accounting. This means that revenues are recognized in the accounting period in which they become available and measurable and expenditures are recognized in the accounting period in which the fund liability is incurred.

**Ad Valorem Tax:** The tax is based “according to value” of property and is used as the source of revenue to pay general obligation debt and to support the General Fund.

**Assessed Valuation:** A value that is established for real and personal property for use as a basis for levying property taxes. The assessed valuation represents the appraised valuation less any exemptions. Property values are established by the Medina Appraisal District.

**Balanced Budget:** A budget in which planned expenditures can be met by current income from taxation and other government receipts.

**Bond:** A debt instrument embodying a written promise to pay a specified sum of money, the face value or principal, at a specific date or dates in the future (maturity date) together with periodic interest at a specified rate. Bonds are typically used for long-term debt to pay for specific capital expenditures, such as buildings, streets, or utility expansion/repair.

**Budget:** A budget is a plan of financial operation embodying an estimate of adopted expenditures and the means of financing them for a single fiscal year.

**Budget Adjustments:** A legal procedure utilized during the fiscal year by the City staff and City Council to revise a budget appropriation. City staff has the prerogative to adjust expenditures within a department budget.

**Budget Document:** The instrument used by the budget-making authority to present a comprehensive financial program to the City Council. The adopted budget document presents the authorization made by the City Council for City Officials to obligate and expend resources.

**Budget Ordinance:** The official enactment by the City Council that establishes legal authority for the City Officials to obligate and expend resources.

**Budgetary Control:** The control of management of a governmental unit or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

**Capital Outlay:** The portion of the annual operating budget that appropriates funds for the purpose of capital equipment needs. The Capital Outlay Budget includes funds for capital equipment purchases such as vehicles, furniture, machinery, building improvements, computers, and special tools, which are usually distinguished from operating items according to their value and projected useful life. The City's current capitalization policy requires expenditures to be at least \$5,000 with the asset having a useful life in excess of two (2) years.

**Capital Improvement Program (CIP):** A plan for capital expenditures to be incurred each year over a period of five future years setting forth each capital project, scope of work, the amount to be expended in each year and the method of financing those expenditures, to provide long-lasting physical improvements.

**Chart of Accounts:** A chart detailing the system of general ledger accounts.

**City Administrator:** The individual appointed by the City Council who is responsible for the administration of the affairs of the City.

**Commodities:** Items of expenditures which, after use, are consumed or show a material change in their physical condition, and which, are generally of limited value and are characterized by rapid depreciation. Office supplies and motor fuel are examples of commodities.

**Contingency:** A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

**Contractual Services:** Goods and services acquired under contract the City receives from an internal service fund or an outside company. Professional services, utilities, rentals, and insurance are examples of contractual services,

**Current Taxes:** Taxes that are levied and due within one year.

**Debt Service Fund:** Accounts for the accumulation of ad valorem taxes collected for the purpose of paying principal and interest on long term debt, certificates of obligation and short term contractual obligation certificates.

**Debt Service:** The City's obligation to pay the principal and interest of all outstanding debt instruments according to a predetermined payment schedule.

**Deficit:** A deficit is the excess of expenditures over revenues during a single accounting period.

**Delinquent Taxes:** Taxes remaining unpaid on and after the date on which a penalty for non-payment is imposed.

**Department:** A major administrative division of the City that indicates overall management responsibility for an operation or a group of related operations within a functional area.

**Disbursement:** Payment for goods and services in cash or by check.

**Effective Tax Rate:** That tax rate which will generate the same amount of tax revenue next year from the properties on this year's tax rolls.

**Encumbrance:** Obligation in the form of a purchase order, contract, or salary commitment which is chargeable to appropriations and for which a part of the appropriation is reserved. When paid, the encumbrance is liquidated.

**Enterprise Fund:** A government accounting fund used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is to recover the cost of providing goods through user fees. Rate schedules for these services are established to ensure that revenues are adequate to meet all necessary expenditures.

**Estimate:** The ADOPTED actual expenditures and revenues for the fiscal year prior to the budget fiscal year.

**ADOPTED Revenues:** The amount of projected revenue to be collected during the fiscal year. It may be also defined to finance the adopted projected expenditures.

**Expenditure:** Decrease in the use of net financial resources for the purpose of acquiring and providing goods and services.

**Expenditure Group:** A grouping of similar expenditures used to exercise budgetary control. For example, the Personnel Services expenditure group includes salaries, Social Security, Medicare, retirement, group health insurance, group life insurance, and worker's compensation.

**Expenses:** Outflows or other using up of assets or incurring of liabilities during a period from delivering or producing goods, rendering services, or carrying out other activities that constitute the entity's ongoing major or central operations.

**Fiscal Year:** The 12-month time period designated by the City signifying the beginning and ending period for recording financial transactions. The City's fiscal year is October 1<sup>st</sup> to September 30<sup>th</sup>.

**Fixed Asset:** Assets of a long-term nature that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment.

**Full Time-Equivalent (FTE):** Full time, authorized positions, filled or vacant, that equal to 2,080 hours of work annually.

**Fund:** An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial sources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations.

**Fund Balance:** The difference between a fund's assets and liabilities.

**Generally Accepted Accounting Principles (GAAP):** Uniform minimum standards of and guidelines to financial accounting and reporting.

**General Fund:** The General Fund accounts for all financial resources of the government except for those required to be accounted for in another fund. General Fund revenues include property taxes, licenses and permits, service charges, and other types of revenue. The fund includes the basic operating services such as police, finance, community development, parks & recreation, pool, library, public works and general administration.

**General Ledger:** A listing of the various accounts necessary to reflect the financial position and results of operation of government.

**Interfund Transfers:** Amounts transferred from one fund to another.

**Modified Accrual Accounting:** A basis of accounting in which revenues should be recognized in the accounting period in which they become available and measurable and expenditures are recorded in the period that they are incurred.

**Non-Recurring Revenue:** Revenue recognized by the City that are unique and occur one time or without pattern.

**Operating Budget:** The portion of the budget that pertains to daily operations that provide basic services for the fiscal year. The operating budget contains appropriations for such expenditures as personnel, supplies, utilities, materials, travel, and fuel and the adopted means of financing them.

**Personal Services:** All cost related to compensating employees of the City including employee benefit costs such as City contribution for retirement, social security, and health and life insurance.

**Program Improvement:** A program improvement is the addition of new equipment, personnel or other expenditures aimed at improving the level of service or expanding services.

**Property Tax Rate:** The property tax rate consists of two elements. The first is the maintenance and operation rate. Revenues received from this element are deposited in the General Fund and can be used for any public purpose. The maintenance and operation rate is subject to the

provisions of state statute and an increase in the effective rate excess of 8% is subject to a voter initiated rollback election. The second element is the debt service rate. The rate is set based on the City's debt service requirements. Funds received from this rate are deposited in the Debt Service Fund and are used solely to pay the principal and interest on present and projected debt.

**Resources:** Total dollars available for appropriations including ADOPTED revenues, fund transfers, and beginning fund balances.

**Revenue Estimate:** An estimate of how much revenue will be earned from a specific revenue source for some future specific period; typically, a future fiscal year.

**Shortfall:** The excess of expenditures over revenues during a single accounting period.

**Special revenue Fund:** A fund used to account for revenues and expenditures that have been earmarked for special activities.

**Surplus:** A surplus is the amount by which revenues exceed outlays.

**Tax Levy:** The total amount of funds to be raised by general property taxes for operating and debt service purposes specified in the Annual Tax Ordinance.

**Tax Rate:** The amount of tax levied for each \$100 of assessed valuation.
