

## **Boil Water Notice Rescinded February 25, 2021**

On February 22, 2021, the Texas Commission on Environmental Quality required the City of Castroville Texas public water system, PWS ID 1630033, Castroville Airport, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of February 25, 2021.

If you have questions concerning this matter, you may contact:

- Roy Clayton, Public Works Operations Manager at 830-931-4090, 830-444-6712 or by email: [roy.clayton@castrovilletx.gov](mailto:roy.clayton@castrovilletx.gov)
- John Gomez, Director of Public Works at 830-931-4090, 210-287-0606 or by email: [john.gomez@castrovilletx.gov](mailto:john.gomez@castrovilletx.gov).

We apologize for any inconvenience the water situation may have caused and issued the notice to boil water prior to consumption as a precautionary measure until lab results determined the quality of the City's water was safe for consumption.
